incorporating technology in music classrooms can take the mystery out of improvisation what music technology does is establish a strong
foundation for chord scale phrase ear training and listening exercises creating a solid backdrop for student expression as author and educator
mike fein shows technology is a valuable tool that can be used effectively to supplement student practice time while also developing the skills
necessary to become a proficient improviser complete with notated exercises accompaniment tracks and listening resources this book gives
teachers methods to set their students free to make mistakes and to develop their own ear for improvisation at their own pace broken down into
significant areas of music technology each chapter focuses on developing a new skill and guides readers to tangible outcomes with the

assistance of hands on activities that can be immediately implemented into the classroom in addition to these hands on activities each chapter provides the reader with an ipad connection to various ios applications which allows teachers and students another albeit significantly less expensive medium through which to learn share and create art this book will appeal to music educators of students in grades k 12 it will serve collegiate music education courses secondarily and will also appeal to those music educators who work with improvisation and technology

the teaching of instrumental music fifth edition introduces music education majors to basic instrumental pedagogy for the instruments and ensembles commonly found in the elementary and secondary curricula it focuses on the core competencies required for teacher certification in instrumental music with the pervasive philosophy to assist teachers as they develop an instrumental music program based on understanding and respecting all types of music parts i and ii focus on essential issues for a successful instrumental program presenting first the history and foundations followed by effective strategies in administrative tasks and classroom teaching parts iii iv and v are devoted to the skills and techniques of woodwind brass and percussion and string instruments in all the teaching of instrumental music is the complete reference for the beginning instrumental teacher commonly retained in a student s professional library for its unique and comprehensive coverage new to this edition revision and updating of curriculum developments such as coordinating state department of education student learning objectives with the recent every student succeeds act essa new discussion of the nafme national standards as they relate to the teaching of instrumental music revamping of rehearsing instrumental ensembles chapters including new or expanded sections on programming choosing quality music and applying successful rehearsal techniques updates on references plus new discussion questions and websites and internet links a chapter devoted to classroom guitar updates on the use of technology for teaching and learning music more on healthy performance practice marching band and jazz band online materials located in the eresources section on the routledge website
